- JavaScript (ES6+)
- Typescript
- Git
- Node.js
- Responsive Design
- Strong Communication

EDUCATION

SOFTWARE DEVELOPMENT

Institute of Technology of The Americas (ITLA)

2017 - 2020

PROFILE

An experienced front-end developer that enjoys the process of writing high-standard code. I find the challenge of problem-solving fun and rewarding seeing the project come together and perform its purpose perfectly. Being a part of projects that enhances the client's workflow, product, or reputation motivates me.

EXPERIENCE

REACT DEVELOPER

BRINF LLC

2021

- Develop the core features of a React.js app using Typescript, Firebase, and Redux
- Have daily and weekly meetings to discuss the track of the project
- Updated old code bases to modern development standards, improving functionality
- Collaborated with project managers to select ambitious, but realistic coding milestones

WEB DEVELOPMENT TEACHER

Institute of Technology of The Americas (ITLA)

2018

- Taught a course class called "Web Development with PHP and SQL server"
- Taught a course class called "Web Development with ASP.net"
- Completed paperwork, and graded the students. Had meetings with HR to discuss and plan classes

WEB MASTER

2017

YWAM San Pedro

- Monitored website functionality across leading web browsers and mobile applications
- Ensured compatibility with major operating systems
- Researched market trends to keep up with best practices in SEO, social media promotion, search analytics, and web hosting
